Dr. Mohammad Ashraful Mobin is a distinguished researcher and industry expert specializing in Islamic finance, financial technology, and data analytics. He is currently a Research Fellow at the Center for Studies in Religion and Society at the University of Victoria and serves as the Director of Ifintell Business Intelligence (Kuala Lumpur) and Data Soli (New York). Holding a Ph.D. in Islamic Finance from INCEIF, Dr. Mobin advanced his expertise through an IsDB Post-Doctoral Fellowship, focusing on Islamic finance, sustainable development goals, and microfinance. He has held key research positions, including as a Research Specialist at the Islamic Financial Services Board (IFSB) and a Research Scientist at Petronas University of Technology, contributing to industry-focused research and policy development. Additionally, he has taught graduate courses at Curtin University, De Montfort University, and the University of Malaya.

An accomplished academic, Dr. Mobin has published extensively in leading journals, covering topics such as sustainable development in

About NACIF

The purpose of the North American Conference on Islamic Finance (NACIF) is to foster the sharing of global knowledge. It is an international forum for Islamic finance scholars and practitioners to discuss and collaborate on the various innovative practices that are being used in the Islamic finance industry. Ultimately, the goal of NACIF is to facilitate sustainable finance practices that benefit society at all levels.
